<b>Cheap and Chic Advice</b>	If you like simple but refined traditional local dishes and products

A 3 star hotel, family run, situated in a quiet position and facing a unique landscape where nature, art and culture are combined. From your table your eye will take in splendid historical Villa Melzi and its park full of azalea flowers, the ancient fishermen's hamlet of Loppia with its harbor, the 10th century Church and the enchanting panorama of the lake.

The restaurant's specialty is local fish, but it provides also a fine offer for guests who don't particularly like fish. Homemade pasta and over 150 wines make this a truly great spot to enjoy an authentic Italian meal.
