Built in the XVI Century and restored in 1850 this lovely church overlooks the beautiful streets of Pallanza: its history, the exceptional position in the old town, its proximity to the lake and the renowned wedding locations nearby make it one of the best choices for weddings in Lake Maggiore.

The most remarkable elements are the Renaissance shape with ancient decorations, the wooden choir and the bell-tower, started in 1520. The massive altar is usually decorated with large flower arrangements so that these are visible from the bottom of the church.
