<b>Cheap and Chic Advice</b>	For an intimate wedding in Siena, the ancient grottos are a picturesque and suggestive setting.

Among the many Siena wedding restaurants, this typical and charming Osteria a few steps from the Cathedral (Duomo) and Piazza del Campo is an ideal place to enjoy the refined gastronomic delights of the Tuscan cuisine. The setting is very picturesque and unique: ancient Etruscan rooms cut out of the 'tuff', the soft volcanic rock on which Siena is built. To accompany and fully exalt the delicious dishes and the warm atmosphere, this Siena wedding restaurant stocks a vast selection of both Italian and international wines.
